Apply to the Kaizen Institute Consulting Group

What do we do?

We are a strategic, operational, and technological consulting company. We implement cultural change projects that revolutionize results and accelerate our clients' growth.

Where do we work?

06

Continents

60+

Countries

45+

Sectors

We are a multinational company operating across the public and private sectors, working with national and international companies of various sizes and from all business sectors. Our work in the industrial sector, hospitals, retail, and tech companies gives you the chance to experience a wide range of projects.

What can you expect?

You will join projects alongside a team of Kaizen consultants, with whom you will design and implement improvements for our clients, develop new skills, and complete your thesis. You'll receive training in Kaizen methodologies, analytical tools, and soft skills. If you and Kaizen Institute are a perfect match, you'll have a career plan full of opportunities and countless benefits waiting for you.

What are we looking for?

We are looking for recent graduates, candidates with up to 2 years of experience, or students currently finishing their thesis.

What is the profile of a KAIZENER?

Curiosity. Proactivity. Resilience. Critical thinking. Analytical skills. Team spirit. Emotional intelligence. Effective communication skills. Language proficiency. Willingness to travel.

Candidates in possession of the engineering warrant, or working towards the engineering warrant, will be preferred.

Are you ready to launch your career?
