**Meeting with Board tal-Inġiniera**

Dear Dr Camilleri,

The Chamber of Engineers would like to request a meeting with the newly formed Inġiniera Board following the start of the term of the recently elected 3 members from amongst engineering profession warrant holders.

The Council of the Chamber seeks to continue discussions on the below proposals for the continuation of work with the Board:

- Promotion of the Code of Ethics and the expected ethical standards between engineers.
- Consolidation of the warrant assessment procedure.
- Promotion of increased quality assurance in engineering education.
- Definition of surrounding legislation to safeguard the warrant and public health and safety.
- Communication of the true value of the engineering profession with professionals, consumers and stakeholders.

Furthermore the Chamber will be recommending the following improvements for a more effective Board which supports the present and future of the Engineering Profession:

- Implement modern and effective channels for transparent communication with *Inġiniera*.
- Improve reachability of the Board for the benefit of *Inġiniera* and prospective members of the profession.
- Ensure the *List of Warrant Holders* as published in the Government Gazette remains current and reflects all current holders of the *Inġinier* warrant.
- Ensure more efficient Board administrative processes.
- Assist the improvement of the public perception of the Profession

The Executive Council looks forward to meeting all members of the Inġiniera Board and in this regard anticipates a date for a meeting to resume our bilateral discussions.

Yours sincerely,

Ing. Malcolm Zammit  
*President, Chamber of Engineers*
